Re: Required Submission of Information  
Lower Darby Creek Area Superfund Site – Clearview Landfill, Folcroft  
Landfill, and Folcroft Landfill Annex

Dear Ms Winter-Prisk:

This is in response to your letter dated May 10, 2002 erroneously addressed to Cleveland Wrecking Company, 628 East Edna Place, Covina, California 91723. We are CRI Resources, Inc., formerly known as Cleveland Wrecking Company. Our address is 900 Wilshire Boulevard, Suite 1520, Los Angeles, California 90017-4716

As I mentioned in our telephone conversation today, we did have a branch office at Sharon Hill, Pennsylvania, which was closed in 1996-1997. We operated as a demolition contractor, wrecking commercial buildings. Any debris consisted mainly of wood, brick, and concrete. We have no reason to believe that we may have dumped any hazardous or toxic material at the areas you describe.

To further complicate this matter, the facility at Sharon Hill was destroyed by a fire in 1985, an event easily verified. In addition, we have a retention of records policy and most records and documents dated 1958 – 1976 would have been routinely destroyed. After the destruction caused by the fire, we revised the record keeping procedure but many of the sort of documents you require simply are no longer available. When the facility in Pennsylvania was closed many of the files were transferred to Los Angeles for permanent storage. If there are specific requests we will be happy to co-operate in searching what records still remain for years subsequent to 1985.

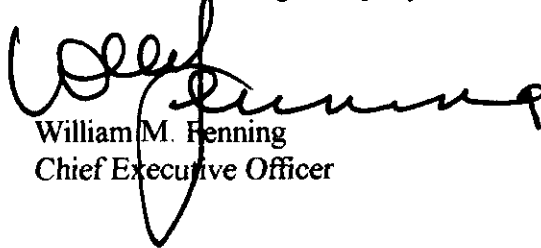

Ms Carlyn Winter-Prisk

I am reporting this request for submission of information to our insurance company to make them aware of your contact.

I have been chief executive office of this company for 40 years and am the most knowledgeable person to discuss this concern. Thank you and please accept this letter as an answer to the letter of May 10.

Very truly yours,

CRI RESOURCES, INC., fka  
Cleveland Wrecking Company

William M. Henning
